

## MUHAMMAD USMAN S/O GHULAM MUSTAFA

Electrical Engineer

U : UNSTABLE  
S : SINCERE  
M : MODERATE  
A : ADORABLE  
N : NATURALISTIC

### ABOUT ME :

I want to prove myself dedicated, worthful & energetic in a progressive Organization, that gives me scope to apply my knowledge & skills & allow me to teach others what I learnt. I want to be a part of an institution that dynamically works towards success & progress. I also have ability to learn & adapt quickly to changing circumstances.

Date of Birth  
31-03-1995

### CONTACT ME

Phone :  
+923325755488

Email :  
usmansince95@gmail.com

Address :  
IMCB H-9 Colony, Quarter #03  
Sector H-9 ISB

### OBJECTIVE :

To be a Unique , Prosperous & a Succesfull Person

### WORK EXPERIENCE :

Aug 2016 IESCO ( Internee )

It was an internship done by me to learn something, practically about Grid station & Power management. I was not bound to do this internship but I did it for myself & for self-satisfaction & learnt a lot of knowledge.

### PROJECTS :

#### Final Year Project of BS(EE)

#### Test Bed for Smart & intelligent Grid System using PLC & SCADA

Test Bed for Smart & intelligent Grid System using PLC & SCADA .It is a PLC controlled Grid system in which Grid station will distribute the power to multiple sectors. Advancement in this Project is automatic power cut off & on of each sector, Power scheduling of each sector, & Load Calculation of each sector & Finally displaying all the data over SCADA. Since SCADA is mounted over the grid station so it 'll not only be used to display data, but also to cut off or on power of each sector & to perform other various tasks of grid station.

#### Previous Projects:

- Filtration Plant Using UV light
- 7 Segment Coding Display based project
- Mobile Charger etc

### ACADEMICS :

2013 - 2017 Bachelors (Electrical Engineering)  
Federal Urdu University of Arts, Science & Technology Islamabad

2011 - 2013 Intermediate, HSSC  
Islamabad Model College for Boys H-9 ISB

### HOBBIES :

- Listening the Lectures of Qasim Ali Shah
- Reading Novels , Books, Magazines etc
- Learning about Softwares, Skills & Techniques

#### PROFESSIONAL SKILLS

MATLAB	<div></div>
Photoshop	<div></div>
MS Office	<div></div>
Proteus	<div></div>
Xilunx	<div></div>

#### PERSONAL SKILLS

Communication	<div></div>
Teamwork	<div></div>
Leadership	<div></div>
Discipline	<div></div>
Presentation	<div></div>
