🏠 Bahria Town, Islamabad

WHO AM I: A competent Mechanical Engineer with an outstanding academic profile throughout the course of studies. During my degree, the workload of assignments and projects have allowed me to work under pressure and tough deadlines. I am looking for an entry-level position in a progressive organization where I can apply my technical knowledge and develop my skill set further.

EDUCATION

- 2013-17**
NED University of Engineering & Technology, Karachi
B.E Mechanical
Secured 3.79 CGPA holding 15th position.
- 2011-2012**
502 Model College, Rawalpindi
Pre-Engineering
Secured 1st position with 83.33% under FBISE.

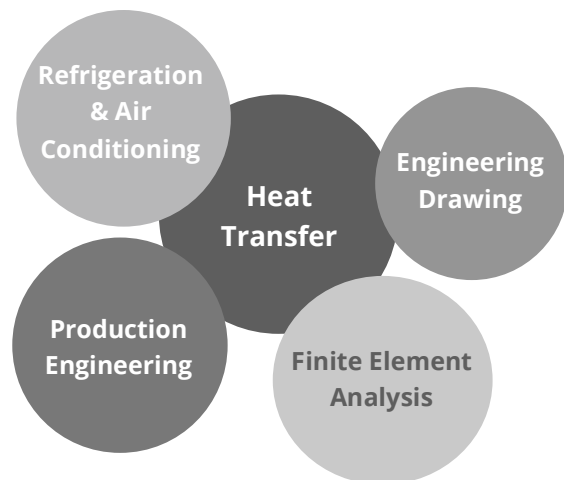

EXPERIENCE

- 2016**
Final Year Project
Design of Hybrid Geyser
Designed and fabricated a Hybrid Geyser working on Solar Heat Collectors and Instant Gas Heater. Worked as the team leader with major contribution in the design of the system. The fabricated geyser is under operation at NED University Staff Center.
- 2015 (22-Jun to 10-Jul)**
PAC KAMRA, Attock
3 Week Internship
Worked at the Mirage Rebuild Factory. Was demonstrated with the overhauling process of the major fighting aircrafts of Pakistan.
