### Career Objective

Looking forward to work with an organization where I can polish my professional skills, enhance my experience, implement my knowledge. I want to give my best for the success of your organization to work for the betterment of my fellow human beings

### Education

#### NFC IE&FR Faisalabad (CGPA 3.65)

*Bachelor in Chemical Engineering*

Faisalabad, Pakistan  
2013-2017

#### Govt. Post Graduate College D.G.KHAN (A<sup>+</sup>)

*F.Sc. Pre-Engineering*

D.G Khan, Pakistan  
2010-2012

#### D.G School and College (A)

*Matriculation*

D.G Khan, Pakistan  
2008-2010

### Experience

---

#### DG khan Cement Company

Second Most efficient and self-energized Cement plant of world

D.G Khan, Pakistan

*Internee Engineer: June 2015 – July 2015*

- *Technical Skills:* Understanding of clinker forming process from limestone and clay
- *Teamwork:* Coordinated with 10 group members from different universities for complete plant layout and final report of 30 days

### Academic Activities

#### Final Year Project

Faisalabad, Pakistan

Simultaneous Removal of Acid Gasses and Mercaptan from Natural Gas

*Vision: June 2016 – July 2017*

- *Determined:* Removal of acid gasses and mercaptan from natural gas to increase productivity using chemical absorption in economical way with maximum conversion of natural gas from mercaptan by using 5 parallel reactions
- *Teamwork:* Work with 4 group members and submitted 150 pages thesis report

### Additional

- *Interpersonal Skills:* Motivated and persistent, Self-starter, Improvise
- *Soft Skills:* Aspen Plus and HYSYS, Microsoft office, Visio and Matlab
- *Interests:* Computer Applications, Reading new developments in Chemical Engineering
