Subject: Application for the position of Electrical Engineer

I am an Electrical Engineer All these years of my education has given me an opportunity to work in different cadre. The multi task work earned me an experience that could turn out to be an asset for any organization. I'm writing to express my keen interest in your company.

I have added all my academic and other information in my resume to prove myself a worth to a prospective employer. I have the different skills in various environments which urge me to work in a professional way.

I assure that I could prove myself to be an asset for the organization I will be affiliated with. My educational and other skill gives me an edge in this regard that I will be able to absorb if not fully then to a large extent in any environment. I would appreciate your consideration of my credentials. I am available for an interview at your convenience, and I will be in contact with you to arrange for a time to meet with you.

I am quite optimistic to receive an encouraging reply.

Thanking in anticipation.

Yours Faithfully,

Ahmad Ammar Sajid
