EDUCATION

BSc Mechatronics Engineering 2012-2016

University of Wah

CGPA = 2.87

Majors

- Microcontroller Based Design
- Embedded Systems
- Electronic Devices and Circuit
- Machine Design and CAD/CAM
- Theory of Machine
- Robotics

Projects

- Modeling and Control of Two Wheeled Self-Balancing Robot
- Controlling speed & direction of motor using PIC microcontroller
- Interfacing of I2C based on Inertial Measurement Unit (MPU-6050)
- 3D modeling of Masjid using Sherline CNC milling Machine
- Data Communication on 8 bit LCD

FSc Pre Engineering 2010-2012

Hazara Public School and College Haripur
Marks = 72%

Matric Computer Science 2008-2010

Merit Schooling System
Marks = 73%

SKILLS

- Solid Works
- CREO
- Micro-Controller Programming
- CNC Programming
- MATLAB
- Proteus
- MS-Office
