Objective:

A self-motivated committed and result oriented person have ability to work independently under stress and strain with commitment and acknowledge obligation brightly to accomplish and put in all undertaking to achieve the assignments and goals with the assistance of seniors.

ACADEMIC EDUCATION:

BS (Electrical Engineering)

2014-2018

Foundation University Rawalpindi Campus

Higher School Secondary Certificate

2012-2014

Army Public College Jehlum Cantt

Secondary School Certificate

2010-2012

Fauji Foundation Model School Sohawa

Final Year Project

Title:

Power Quality Disturbance Monitoring

Abstract:

Power Quality is very important. We loss lot of energy by power quality issues which also cause loss in revenue in industrial sector. To overcome this issue, we should be able to detect the power quality issue to prevent damage to machines and circuits. We aimed to create Power Quality disturbance monitoring or classifier which can detect PQ disturbances.

PERSONAL SKILLS:

Creativity
Organization
Team Work
Active learner & Critical thinker

PROFFSSIONAL SKILLS:

Electrical Machine	Computer Hardware & Software
Auto cad	PowerPoint
C++	MS Word
MATLAB	Multisim

SEMESTER PROJECTS:

Automatic Street Lights
Water Level Indicator
Clap Switch
Line following Rebot

REFERENCE:

Professional and academic references will be furnished on demand.

WORK EXPERIENCE: National Telecommunication Corppuration(NTC) / As Training Engineer
. July 2017 — September 2017
