## BS-Mechanical

PEC Registered

+

Supervisor Certificate holder

### Objective

I am an enthusiastic person who enjoys being part of a positive and success oriented team. I am quick to grasp new ideas and develop innovative solutions to varying problems. My aim now is to expand prior academic knowledge and help it develop in a nourishing environment. I look forward to having my skills well tested and my abilities better groomed.

### Experience

- o **Prime Minister's e-Rozgaar Program** training in **Content Marketing and Advertising** course track from 26<sup>th</sup> March to 13<sup>th</sup> July 2018.
- p **Pakistan Aeronautical Complex Kamra** (Internship from July-27 to August-13, 2015) in Mirage Rbuild Factory .
- o **Alpine Industry** Lahore, Summer Internship 2016.

### Projects (Academia):

- Concentric heat exchanger design.
- Gear Designing.
- Designed & Fabricated a part in CNC milling machine using AutoCAD, MATLAB, Master Cam & PRO-E

### Final Year Project :

#### Wave Energy Converter :

We manufactured a small scale prototype of wave energy converter in which we used the wave motion to produce electric current.

### Computing & IT skills:

- Mechanical Design & Drawing Software: AutoCAD Analysis Software: ANSYS, MATLAB .
- Microsoft Office: Excel, PowerPoint, Word
- Programming Languages: C ++

**Education and Qualification:**

<b>BS(Mechanical Engineering)</b>	HITEC University, Taxila	2017	2.87 / 4
<b>FSC (pre-engineering)</b>	Army Public College, RWP	2013	A
<b>Matriculation</b>	Sir Syed Public School, RWP	2011	A+

**Extracurricular Activities:**

- Event organizer at HITEC Science Society, HITEC Press Club & HITEC Olympiad'15

**Strengths:**

- Management skills, Communication Skills, Planning & Organizing, Stress Tolerance, Interpersonal Skills
