Target Job

Target Job Title: Geotech/Civil Engineer
Career Level: Mid-Career
Career Objective: I am a Geological Engineering Graduate. I am a very strong candidate with an excellent educational career and greater capabilities. As a passionate individual who wants to progress, I am now looking to work in an energetic and performance-driven environment where talent is not overlooked. For me it would be an honor to be a part of and contribute to a company which is known for its talented work force and high standards. One of my strongest points is my self-motivation which allows me to perform under pressure and I focus more on work operation and do not get fear by just looking at a big picture. I am an honest, responsible and a person who believes on arguments.
