

ATEEQ UR RAHMAN
BE Mechanical Engineer

DOB: September 25th, 1995
Address: H no.505, St 5, Sect F8, Phase 6, Hayatabad, Peshawar
Contact No.: +92 3459188004
Email: ateegrahman010@gmail.com

Career Objective:

I am looking for new challenging environment to polish my career in different fields of Mechanical Engineering. I want to put myself in tough competitive situations in order to raise up your organization's reputation. It will be an honor for me to join your esteemed Organization where cream people deserves opportunity.

Education:

	Institute	Obtained Marks/CGPA	Total Marks/CGPA
BE Mechanical	Sarhad University of Science and Information Technology	2.66	4.0
FSC (Pre-Engineering)	Govt. Degree College for Boys Hayatabad	744	1100
Matriculation	Warsak Model School and College	813	1050

- Registered with **Pakistan Engineering Council** under **PEC No. MECH/36736**

Engineering Project:

Fabrication of, Automatic Tire Inflation and Deflation System

- Built a close loop system having capability to inflate and deflate the tire(s) automatically according to given pressure.
- The system is designed to maintain tire internal air pressure after multiple small punctures or leakages.
- The second main purpose of this design was to make the vehicle able to drive through sandy and rocky tracks.
- The system was set to perform its function on stationary as well as on moving condition until engine is switched ON.

Interested Activities:

- Keen interest in making free electricity
- Highly motivated in constructing own Insulated Home for HVAC purposes
- Physical exercise is also a part of my interest like playing table tennis, volley ball etc

Competencies:

- Great experience in automobiles, their specs & new technologies
- Good command on PRO E & AutoCAD
- Typing Speed of 28 wpm
- Good Command on Microsoft Word, Excel and Power Point
- Great Experience in Technical Report Writing

Experience:

Organization: Razmak Industries Marks

Designation: Internee

Duration: 1 months

Duties and Responsibilities:

- Preparing detailed reports for customer's design
- Identifications and cleaning for removal of minute CNC operational issues
- Coding for CNC route machine

Organization: Suzuki Peshawar Motors

Designation: Internee

Duration: 1 months

Duties and Responsibilities:

- Inspection and identification of default parts
- Assigning to the related party or mechanic
- Assist mechanic through the operational issues
