2014-2018

BS Research Topic: *Removal of Pb(II) ion from aqueous solution using Raw form and Activated carbon prepared from Capparis decidua plant stem..*

## EMPLOYMENT EXPERIENCE

- Work as a Research Student in Chemistry Labs of Department of Chemistry, KUST, Kohat.
- I am well aware of research work, I mostly work in research labs of Department of Chemistry, KUST Kohat.

## SKILLS AND ACHIEVEMENTS

### 1. LAB AND PRACTICAL SKILL

- a. Basic Skills.
- b. Solution Preparations.
- c. Apparatus Setting.
- d. Separation Techniques.
- e. Aware with all chemicals and their formulas.
- f. Salt analysis.
- g. Preparation of organic compounds.
- h. DNA separation techniques.
- i. Adsorption.
- j. Preparation of activated carbon.
- k. Research work, Thesis writing, Paper writing.

### 2. TEACHING EXPERIENCE

- a. Posses' good teaching, presentation and communication skills.
- b. Also, done with teaching in a local private college.
- c. Good presenting skills during presentation.
