

Shahid Iqbal

CHEMICAL ENGINEER

About Me

I recognize myself to be a strong-headed critical thinker with excellent communication and leadership qualities. Pedantic attention-to-detail and effective time management are my most noticeable attributes.

I aspire to work for a multinational organization with a multi-cultural and fast pace work environment focusing on aggressive expansion and employee development.

Objective

To work with an aim to gain valuable hands on experience and professional skill in an organization, this provides a challenging, learning and developing atmosphere.
