Personal statement

A fresh graduate as an electronic engineer, Since I have practical experience of internship level at Lucky Cement Ltd in department of instrumentation and control which has enhanced both my creativity and knowledge of the industry. I keenly look for new challenges to develop my career even further.

Education

University Name	Majors	GPA	Final Year Project
DAWOOD UNIVERSITY OF ENGINEERING AND TECHNOLOGY	BE Electronics	3.05	CNC Based Agricultural Robot (AGRIBOT)
Year 2014-2018			

University Name	Majors	Division
SHAH ABDUL LATIF UNIVERSITY KHAIRPUR	Bachelor of Arts	1 st
Year 2012-2014		

School Name	Majors	Intermediate Percentage
BAHRIA FOUNDATION COLLEGE KANDIARO.	Pre-Engineering	67.5%
Year 2011-2012		

School Name	Majors	Matriculation Percentage
BAHRIA FOUNDATION COLLEGE KANDIARO.	Pre-Engineering	77.4%
Year 2009-2010		

Work Experience

Summer Internship at Lucky Cement Ltd :-

- I learned practical implementation of Temperature Sensors, Differential Pressure Sensor, RADAR Sensor, Pressure Transducer, Solenoid Valves, Diaphragms, Load Cell, Hydraulic Jack, Contactor Relay, Induced Draft Fan.
- I was also given some basic concept regarding control panels based on PLC, DCS and SCADA systems taking input from sensors which were then controlled from respective control room by control engineers.

KEY SKILLS

Familiar with PLC Programming, FPGA Proteus, Emulator, Microcontroller, C Language, C++, OOP, Matlab, Cisco Packet Tracer, LABVIEW, Arduino, MS Windows XP, 2007, 08, MS Office, Software Installation, Communication Skills, Management Skills,.

Hobbies & Interests

Sports, Serving Humanity, Renewable Energy Resource, Control System, Research.
