- Worked as Solid Control & Drilling Waste Management (SC&DWM) Engineer at rig site at SCOMI OIL TOOLS PAKISTAN branch **July 2016- July 2017.**
- Worked as an electrical engineer and lead person supervises at site since **January 2013- July 2016**
- Work on centrifuges
- Rig up Rig down, maintenance of 3phase induction motors.
- Trouble shooting and assembling of Electrical distribution and protection panels.
- Experience of **operating rig up, maintenance** and **troubleshooting** Puma Air Mud Coolers
- Worked on augers, Centrifugal pumps, Electrical pumps, Dewatering chemicals and solutions and having keen hand on repairing , maintenance, operating and troubleshooting as well as assembling
- Having keen knowledge about drilling fluids
- Worked as a Environmental Engineer with Scomi

JOB: <u>Bio Remediation</u> (OBM) & Worked Evaporation Pond (WBM)

- Client: BHP Billiton (DADU) & MOL
  - Duties: Biological Treatment Oil Base Mud / Oil Spill.

JOB: <u>Evaporation Pond</u>

- Client UEPL Formally Known as BP
  - Duties: Treatment of WBM and Evaporate treated Water
- Worked as internee at **NTDC**, Khanawal for **one month**.

Clients

Worked with below mentioned client companies on different drilling locations

OMV Pakistan Oil & Gas Exploration.

BHP Billiton Pakistan.

BP (British Petroleum) Oil & Gas Exploration & Production Inc.

MOL Pakistan Oil & Gas Co. B.V

PETRONAS CARIGALI Pakistan Ltd. (PCPL).

PPL (Pakistan Petroleum Ltd)

OGDCL (Oil & Gas Development Corporation Pakistan Ltd.)

UEPL formerly known as BP Pakistan

Skills:

- SAP accounting soft ware
- Leadership, team work, works in competitive environment, good communication skills keen exposure to oil field, communication with client. Power to discuss and negotiate on common interest point**.**
- MS Office2011, Mat lab, proteous7.6, visual studio (C,C++,Fortran), AutoCAD, Multi sim, Kiel, Simulink,

Courses Attended:

- Environmental Aspect and Impact Analysis
- Environmental Protection
- Solids Control & DWM Training (Scomi Oiltools)
- Screen Testing Procedure
- Induction Training in Hydrogen Sulfide Safety. (Rutledge)
- Rigging & Slinging (Scomi Oiltools)
- Permit To Work (Scomi Oiltools)
- First Aid Training (Scomi Oiltools)
- Fire Fighting (Scomi Oiltools)
- Chemical Handing
- HSE awareness course (Scomi Oiltools)

Academic Projects:

- **Final year project**, Intelligent Solar Tracker control and Battery Charge Controller
- Micro controller based water level sensing device.
- Micro controller based sequential blinking of LEDs.
- Voltmeter using controller

Events organized:

- FIT (frontiers of information & technology) as organizer 2009.
- EE-HIPE (intra department project exhibition) Head 2011.
- Emcot 2009, as transport in charge.
- Emcot 2010, as venue in charge.
- Emcot 2011, as event coordinator.
- Open house event organizer
